

WHY A LA CARTE?

Instead of trying to squeeze couples into rigid packages, we came up with this pricing outline. It gives you complete control over everything included in your package. Know where the cost is; cut costs in certain areas so that you can splurge on the important features you want. It's completely up to you!

WHAT'S INCLUDED?

Every product you purchase comes with editing, ending credits, DVD authoring, 3 custom DVDs (w/cover), and online HD video on Vimeo.com (passworded).
